# Frequently Asked Questions

#### Who is Health Advocate?

Health Advocate is the nation's leading healthcare advocacy and assistance company. Our experts make healthcare easier by helping employees and their family members navigate the healthcare system, resolve healthcare and insurance issues, and get to the right care at the right time.

#### Is Health Advocate the same as insurance?

No. Health Advocate is not an insurance company, and does not replace healthcare coverage, provide medical care or recommend treatment.

Healthcare is complicated, so our job is to remove the barriers and simplify the healthcare experience to save our members time, money and worry.

## How does the Health Advocacy service work?

Whenever an employee or eligible family member has a healthcare or health insurance question or issue, they simply call our toll-free number to reach an experienced Personal Health Advocate. Their Personal Health Advocate will gather information about the issue and work to resolve it as quickly and efficiently as possible. Employees work with the same Personal Health Advocate until all issues are completely resolved.

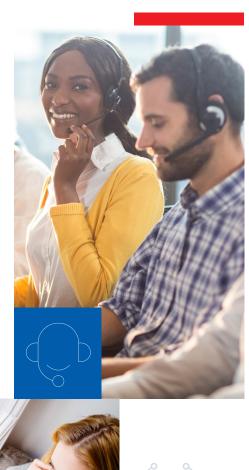

Before we can begin, employees must sign a Medical Authorization Release Form, which gives us permission to access medical information and interact with providers and insurance companies on employees' behalf.

#### Who is eligible to use the service?

Employees, spouses, dependents, parents and parents-in-law are all eligible to use our services.

# Does it cost anything to use Health Advocate?

No. Our services are provided to employees and their eligible family members at no cost.
